RICHMOND, CALIFORNIA SUNDAY, JANUARY 25, 1925.

PRICE THREE CENTS

MAMMOTH AIR LANDING FIELD IS PROPOSED HERE

HARBOR PLANS TO BE SUBJECT OF MEET HERE

Richmond Industrial Commission

Luncheon Wednesday Open

To All

BIG IMPROVEMENTS AIMED

To Map Action On Belt Line

Railroad, New Wharf

Highway

Members of the city council, all other city officials and the public, are asked to be present at a meeting of the new board of governors of the Richmond Industrial commission, called by President Harry Ellis, for next Wednesday, January 28, noon luncheon, mezzanine floor, Martin's Grill, on main floor if more room is necessary.

This is a public meeting, open to all citizens.

The work of the Richmond Industrial commission is and always has been consistently to develop every section of Richmond, and at the present time it is believed that development of the inner harbor would bring the payroll enterprises which are needed to build up all sections of the city, more rapidly than any other factor.

Richmond citizens, the most progressive to be found anywhere, fully realize that harbor activity is of the first importance, and are behind it.

IMMEDIATE ACTION URGED

With the harbor divided and ready for ocean commerce, and industrial and shipping enterprises locating there, there are still lacking a few easily obtained facilities to bring it into use. Other communities are pushing forward with harbor facilities that can be used, about to snatch away the great opportunity in the reach of Richmond.

Three simple things are obviously necessary. 1. A light line from the Southern Pacific along Potrero avenue to the harbor section; 2. Construction of Wharf No. 2 by the city; 3. Opening and paving of a highway to this district.

No matter what plans may be worked out in the future, the location of these improvements could not consistently or advantageously be changed.

It is for a discussion of these and other subjects of moment, and to consult on action, that this public meeting has been called. The board of governors extends a welcome to all.

Lutheran Church Lecture Tonight

"What the Lutheran Church Means to Me", will be the subject of a lecture to be delivered tonight at 8 o'clock at the chapel on Tenth street, near Barrett, by the Rev. Albert Westling, brother of the local Lutheran pastor.

The Lutheran Church of Lodi, St. Peter's, is the pastorate of Rev. Westling, where he has established a reputation for himself as an able man. During his stay at the Lodi church, two beautiful churches have been erected by his pastorate.

Musical selections will be rendered at the service by Melvort Grumm, talented violinist of Oakland. The public is invited to attend.

DOROTHY ELLINGTON, JAZZ MANIA VICTIM, ONLY 16, KILLS SCOLDING MOTHER, THE DANCES AND DRINKS

Miss Ellington, who shot and killed her mother because she had been upbraided for her waywardness, is shown above with Police woman Sullivan of San Francisco, who is protecting her from a curious crowd. After Dorothy slew her mother, she left home with some wearing apparel and \$15. of her mother's money and went to a rooming house. She was arrested there two days later. She had been drinking and dancing only a few hours after the shooting. Dorothy made a full confession, saying "I wanted excitement, and here I am."

3,000 Passengers, Excepting Autos, Use New S. F. Ferry

Approximately 3,000 foot passengers, exclusive of automobile passengers, have been handled by the Southern Pacific Richmond San Francisco ferry in the first ten days of its operation, ending last night according to estimates made by the ticket office in the Ferry building.

This has been a great surprise to the operating officials, it was stated, inasmuch as the bulk of its travel was expected to come from automobile traffic. Motorists, it is believed, have not yet learned the time saving advantages of the new route, although the auto traffic is increasing daily.

Estimates from the ticket office show that the bulk of the travel has been from Richmond to San Francisco, approximately 150 foot passengers being handled each day except Saturday when the Richmond side this number has been just about doubled on Saturday's, it was stated.

Yesterday, 150 tickets from San Francisco to Richmond had been sold up to 7 p. m. Other days the average has been about 120 from the San Francisco side. The number of passengers, both ways, is increasing daily.

All Merchants Are Asked to Attend Association Dinner

Merchants of Richmond who are not members of the Merchants Association have been invited and are requested to attend the meeting and dinner of the Richmond Merchants association to be held at St. Edmund's Guild hall Monday evening.

The dinner begins promptly at 6:15 and all reservations must be made before 10 o'clock Monday by telephone to Richmond 889.

This is to be an open meeting and will be of interest to all merchants, whether members of the association or not. The subject to be discussed is the "House to House Canvasser" and Richard M. Neustadt has been engaged as the chief speaker.

Robert P. Easley Supports Survey Of Carquinez Dam

Slowly but surely national and state legislation is moving forward for the construction of the greatest dam in the world, at Carquinez straits. Already \$70,000 has been spent making necessary survey.

\$75,000 by the government, \$25,000 by private subscription and \$10,000 by the state government.

An enabling act has just been reported out of the Committee on Drainage, Swamps and Overflows of which Assemblyman Robert P. Easley of Contra Costa county is chairman. This act provides ways and means for the continuation of the survey.

In commenting on the project Easley said:

"It would build this great dam, we would immediately solve the delta problem because we have at once taken care of the overflow, prevented the salt water from destroying the delta lands and created a gigantic reservoir of pure fresh water which would have untold value both for power and water supply."

The survey of course is only begun and there is no telling what the cost estimate would be. It is a huge project, and legislation must of necessity move very slowly. But we are convinced that the creation of the Carquinez dam would prove a boon to the entire northern region of the state, and would save thousands of acres of land now being insufficiently watered."

City Wharf Fence To Be Built Tuesday

Announcement was made yesterday by City Engineer E. A. Hoffman that the fence ordered constructed at the municipal wharf to bar visitors at the docks, will be erected next Tuesday. The city council ordered the fence installed some time ago, as a means of protecting the municipal property from the risk of fire, by the throwing of cigarette butts carelessly away. There are inflammable materials stored at the docks, which might easily catch fire.

GIANT DIRIGIBLES, CARRYING 100 PASSENGERS, BOSTON TO BAY, HAVE EYE ON RICHMOND

Coming out of the east like a thunderbolt was the startling information last night that Richmond is being considered as the western terminus of a giant dirigible air service system, carrying passengers and freight between Boston, New York and San Francisco.

Construction of two dirigibles of the same type as the Los Angeles and the Shenandoah will begin at once, it was announced, and within the year they will be in operation between San Francisco and Boston. Ultimately there will be a fleet of twenty great airships making regular trips across the continent.

Property in Richmond, because of its easy access to San Francisco and greater freedom of operation, is being considered as the western terminus of the service. A representative of the company is expected here with plans and mooring masts, for a site for a large landing field, by than any other by section, is said.

Ferry Branch Of Post Office To Be Proposed

That negotiations are under way by the Post Office Department of the United States government to establish a branch of the Richmond postoffice at the Southern Pacific ferry landing here, is according to information revealed yesterday on reliable authority.

An appropriation will be asked of the federal government, according to the report, which will be met by an additional appropriation from the state of California, and other interests will contribute to the fund, all of which will be used to establish the branch postoffice.

It is held that a branch postoffice at the Richmond ferry landing will greatly facilitate the handling of transcontinental mail from San Francisco to the east, north and south. It will also aid the west bay newspapers to more quickly distribute their evening editions in this city.

22-Year-Old Boy Kills Mother With Winchester Rifle

(By Universal Service)
MINNEAPOLIS, Minn., Jan. 24.—Clifford Watts, 22 years old, shot and killed his mother late yesterday with a Winchester rifle while she was preparing the evening meal.

The murder occurred about 3:30 p. m., but it was 8 o'clock when the body of the mother was found by her niece, lying on the kitchen floor. The shot went into the right side, passing through the body and lodging in the oven door of the kitchen stove.

The boy matriarch left home shortly after the murder, but returned while villagers and the doctor were present. When the doctor asked the boy what he knew about his mother's death he replied, "I did it, doctor."

Peter J. Watts, father of Clifford, stated that the boy was a cigarette addict and that attempts to get him to go to work were futile—that he preferred to stay at home and smoke cigarettes.

BABY DAUGHTER BORN

A girl was born to Mrs. Roy Fernald of 245 south Seventh street, at the Maternity hospital yesterday.

CAPITALIST VISITS HERE

F. A. Muller, well-known Oakland contractor and capitalist, and owner of valuable Richmond property was a visitor in Richmond yesterday.

Taxpayers to Discuss Tenth Street Paving Monday Night

The question of whether a patented type of paving is to be used on Tenth street which places the property owners at the mercy of those contractors who propose to improve will come up for a hearing and determination at the meeting of the council tomorrow evening.

It is expected there will be a large crowd present at the session and the proponents and opponents of the contemplated improvement will have their saying. It is contended by a large number of property owners on Tenth street between Barrett avenue and the Oakland branch of the Santa Fe, that the burden for such an improvement at this time, would be more than they can stand.

Property owners contend that if the street must be paved, that no form of patented paving should be used, but some kind that would bring about competitive bidding.

It is very certain from the many statements that have been heard this week, that the meeting tomorrow night will be a very spirited one, and possibly much information will be brought out, as to why this new untried patented paving seems to be considered more favorably than other types, that have been tried for years, and have stood the test of hard usage.

At the meeting of the council last Monday night Councilwoman Marie Chandler took the position that as the property owners on the street would have to foot the bill for the proposed improvement, that their wishes as to the type of pavement they desired, should be given every consideration.

Old Board to Direct Work on Carquinez Dam

At a meeting in the offices of the California Development Association of the various interests concerned in the survey of the lower Sacramento River Control Project in the upper end of San Francisco bay the direction of the survey was placed back in the hands of the old committee which already had functioned in the matter. This committee of which Dan Hadsell, San Francisco attorney, and chairman of the Delta Syndicate, as chairman, was empowered to increase its number from five to seven as may be required.

Other members of the committee are, William Durbrow, president of the Glenn-Colusa Irrigation District; Jesse Poundstone, S. A. Haultman, president Turlock Irrigation district and D. B. Harris, president Madera Irrigation district. Others in attendance of the meeting were W. A. Beard, director water resources department and R. N. Wilson, director agriculture department, California Development Association; A. H. Jongeneel, Pittsburg, and M. Thelkeld, W. T. Richards, G. E. Springer, T. L. Smart, A. D. McVey and J. G. Sweet of San Francisco. Walker R. Young, engineer U. S. Bureau of Reclamation, in charge of the control project, also attended the meeting.

W. A. Beard, official, reported that the sum of \$25,000 for continuing the survey had been made available, \$15,000 from federal sources and \$10,000 from state funds. He reported that \$5,000 still required to complete the survey would probably be forthcoming. Resumption of activities by the committee in charge is expected to begin at once.

SUN, MOON AND STARS MINGLE IN BIG ECLIPSE

East Views Total Eclipse in Brilliant Weather; Awed By Sight

NEW YORK, TOTAL DARKNESS

Dirigible and Airplanes At High

Altitudes in Sky Aid

Observations

(By Universal Service)
NEW YORK, Jan. 24.—Before an awe-stricken audience of 20,000,000 persons, the sun, moon and stars today staged a spectacle of unequalled beauty and grandeur in the great celestial theater, a phenomenon that will live forever in the memory of those who witnessed it.

It was the solar eclipse. It was seen by people strung along across the map of this United States from Red Wing, Minnesota, to the Atlantic Ocean. It began at 8 o'clock, when the moon first nibbled at the sun's disk, reached the point of a total eclipse in New York at 9:11, plunging the metropolis into darkness and then slowly passed eastward toward the Shetland Islands. At 10:29 the last vestige of black left the sun and the eclipse was over.

DAY BECOMES NIGHT.

The most spectacular point of this most remarkable drama of modern history was seen in New York City at 9:11 for a period of 20 seconds when the dead blackness of the moon, coming between the sun and the earth, blotted the sun from view and turned day into night.

As the crescent of the sun disappeared from view, faint lights began to twinkle. They were scientists said, from the planets Venus, Mercury and Jupiter.

Y. M. C. A. Young Men's Division Hold Convention

The annual state convention of the Young Men's Division of the Y. M. C. A. held yesterday afternoon and evening was attended by a large delegation of members from the division here. The arrangements for the convention were in charge of Bert A. Bussow, past president of the local organization here, and to him much of the credit goes for the success of the affair. Ralph Cunningham of this city was one of the speakers at the affair. An enjoyable time was reported by all those who attended.

Among those who were present at the convention were the following: Gordon Hosking, Frank M. Frick, David Dillabaugh, Maurice Church, Wilbert Woolsey, Clayton D'Arcy, Joseph Lane, B. A. Bussow, R. A. Cunningham, Eddie Allen, Howard Woods, John Jewell, Haniel Nevils, Jack Stinnett and A. W. Mueller, secretary of the Y. M. C. A.

PURCHASES HUDSON COACH
Wilber S. Pierce of the law firm of Pierce and Carlson is causing a great deal of favorable comment by his purchase recently of a new 1925 Hudson coach.

BIRTH IS REPORTED
A baby boy was born to Mrs. San-taiko Moro of Rodeo, at the Maternity hospital Friday.

Official Paper Of The City Of Richmond, California

NOT AT ALL UNLIKELY

Will giant airships, more than a thousand feet in length, and carrying passengers in commodious state rooms, supplant the oldest means of ocean transportation, the ship? Will a New York business man, anxious to attend a San Francisco convention, but unable to spare the ten days time now required to make the trip on the fastest train, be able to step into a dirigible of the Los Angeles type and arrive at the pacific coast city less than two days later? There seems to be no doubt that both of these astounding predictions will become realities within the present year. Already steamship, railroad and express company men are studying the latest mode of transportation with a view to adopting them in their business when they consider the proper time has arrived. This was brought out in Friday's congressional sub-committee investigation of America's air service, before which the leading traffic men of the country appeared.

The army and navy have been taking the lead in the development of aircraft, which is as it should be, for no private concern could spend as much time and money as the government. The army and navy would spend their allotment some way, and in paying the way for private air travel, they are doing more good than they could by other expenditure. The around-the-world flight cost the government a stupendous sum, but in later years this amount will return a million-fold to the taxpayers in swifter and perhaps more economical transportation. It was the government that mapped out the sea lanes and charted them, so there is no reason why they should not do the same thing for air navigation.

THE ALASKAN RAILROAD

The Alaskan railroad was formally completed July 15, 1923. Last year (1923-24) \$865,000 was spent in repair and construction work. The total appropriation for maintenance and operating the railroad together with the operation of river steamers in connection, will be about \$1,700,000 this coming year. The estimated revenue is about \$1,200,000. This will make about \$2,900,000 altogether for the maintenance and operation of the Alaskan railroad for the next year. It is stated that it will require about \$12,000,000 more to wholly complete the road. The road is operated by the government at a loss, because it is deemed necessary for the development of Alaska. The railroad running up to the copper mines is owned by private parties, who spent \$21,000,000 before they took out any copper. The United States is taking a chance on the development of the country.

RETURN OF CONFIDENCE

One promise made by the party of conservatism in the last election has come true confidence has returned in the business world. The year 1925 promises to be a big year.

The nation had faith in President Coolidge and his policies and faith has made it nearly whole. From every quarter come reports of revived business lowering of cost of living and higher prices for many products of the farm, especially wheat.

At the same time the prices of things the farmers use are lower. The farmers are paying off their debts.

Production has returned to about an 83 per cent level. Freight car loadings have increased materially.

The United States public debt and federal expenditures are declining satisfactorily. Confidence is the driving power of business. The election of President Coolidge and the party of conservatism brought the biggest asset of all—confidence.

A crossed Coil Automatic Radio beacon developed by the United States Bureau of Standards is to be used during foggy weather to guide the ferry boats that ply San Francisco Harbor. At present nautical compasses are used on these ferry boats and during bad fogs the running time is frequently over twice that of clear weather. It is believed that this Radio beacon will keep the ferries true to their courses regardless of fogs.

Electrical Housekeeping is, for girls, part of the course of study at the Exeter Union High School, Exeter, Cal. The domestic science laboratory is provided with five model kitchens each equipped with electric ranges. This laboratory also has an electric water heater, dish washers, electric clothes washer, electric irons and ironers, electric sewing machines and all the other equipment to make complete instruction in electrified housekeeping possible.

Work on a Hydro-Electric development which will have, when completed, a capacity of 30,000 horsepower of electrical energy has been started on the Batiscan River near St. Marcisse in the Province of Quebec. When finished in May, 1926 it is expected that this plant will cost about \$1,500,000. The electricity produced will be carried to Quebec over a transmission line that already reaches within six miles of this new development.

Now that the soviet bosses have fallen out among themselves, and are hurling charges and counter charges, the outside world may expect to get the truth about all of them.

SCHOOL DAYS

By DWIG

DRESS

By MARY MARSHALL

Copyright 1925 by The McClure Newspaper Syndicate

Chanel's Narrow Scarf Neckline Still
Finds Favor.

In an account of some smart French gathering the other day the statement was made that many well-dressed women present wore frocks showing Chanel's scarf-trimmed neckline, of the sort that Chanel had given up some time ago. It may be that Chanel will resume this detail that seems to have made such

fashions. One detail of evening dress of the present season that demands comment is the number of rather high décolletages. Frequently the line at the front is very little below the collar-bone, producing an effect more smart than generally becoming.

A décolletage that has gained some following this season is found on the sleeveless frock held over the shoulders with strings of beads or straps of some sort, while the straight line of the frock at the front is left quite high. Sometimes with this high, straight line in front the bodice is cut rather low under the arms, but this low armhole appeals less to American taste than to French.

The V-neckline on the sleeveless frock is something of a novelty and seems to be gaining admirers steadily. An interesting neck finishing on a new aton frock consists of a narrow band of velvet bound tight around the neck with little loops and long ends tied snugly at the back of the neck. The frock is sleeveless, cut rather high in front, and almost to the waistline in back.

Rafaelo Merza Funeral Is Held

Final tribute was paid to Rafaelo Merza, 86, who died Thursday from the infirmities of old age, at the chapel of Wilson and Kratzer, yesterday morning at 9 o'clock. Interment was in Sunset View cemetery. The deceased, a native of Spain, is survived by a niece, Frances Borgans.

An Ideal Motor Coat

Spring brings new clothes for motor wear, and the woman who insists on looking chic at the end of a long motor ride will like a coat like the one sketched today, a Paris model by Henriette Bougreau.

The color is bisque or sand, excellent for concealing dust marks, and the fabric is moshene, that lustrous, soft, and pliable new kind of mohair which is now so fashionable for all day-time wear, whether for business, shopping, sports, travel or motoring. No other material so obligingly sheds the dust, remains unwrinkled and crisp even after

long hours in a motor car.

WISE AND OTHERWISE

By MARY MARSHALL

THEY SAY—

That in Paris little girls have their hair tied with wide hair ribbons that form enormous bows on the top of their heads, and sometimes even in quite cold weather they go out walking or playing with no other protection to their heads than this.

That in Paris the fashionable dress length is spoken of as half-way between knee and ankle. This is more satisfactory than so many inches from the ground, since fifteen inches from the ground on one woman would be nearer the knee and therefore "shorter" than on a taller woman. However this half-way rule is considered by no means extreme. Some women have them even shorter.

That French women of fashion have no fondness for wool or wool and silk stockings because they look so out of keeping with the light shoes that they are wearing at the present time. The way they get around the difficulty is to wear flesh-colored cashmere stockings of light weight but considerable warmth and over these wear thin silk stockings of whatever shade they wish.

That the fashion is always to wear a shoulder flower with the black evening frock, an device the orchid is perhaps the most attractive with black, then the stockings should be of orchid color to match.

Tells Rheumatics To Begin on Salts

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation; then our cells sour like garbage in a can, forming acid fluids and gases, which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast, while it is effervescent, and furthermore, to continue this for one week. While relief often follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of stomach sufferers with excellent results.

One Wife on Approval

by VIOLET DARE

AUTHOR OF "Luxury of Love," "The Husband Raiser," etc.

WHO'S WHO AND WHAT'S HAPPENED

CYNTHIA LELAND'S husband, Jim, has gone to Honolulu shortly after their marriage, following a misunderstanding with his wife, and has taken his mother with him, leaving Cynthia to face the disapproval of her sister-in-law.

LOUELLA, and all her world. Cynthia turns to CECILE MALCOLM, leader of the town's gayest set, and accepts the friendship of NOEL GARDNER, the town's black sheep, going with them to a mid-winter house party at Cecile's mountain cabin.

TODAY'S INSTALLMENT

XLVIII—JOURNEY'S END

CYNTHIA'S dinner with Noel Gardner was far from being a success. In his opinion, he had counted on being able to convince her that she was quite wrong in her decision to go back to her husband. But all of his arguments were unavailing.

"And what if he tells you that he doesn't want you?" he demanded at last. "I don't know," she answered slowly. "I—oh, I'm sure that he won't do that." Gardner only raised his eyebrows quizzically, shrugged his shoulders, and changed the subject.

As soon as she reached the hotel again Cynthia phoned the hospital, and succeeded in getting Jim's nurse.

"Oh Mrs. Leland, I'm so glad you phoned!" the girl exclaimed. "I tried so hard to reach you earlier in the evening, but at the hotel they said you were dining with a Mr. Gardner and that they didn't know where you were. Will you come to the hospital at once, please? Your husband had a slight turn for the worse this evening."

Cynthia flew out to the street and took a taxi, begging the driver to hurry as fast as possible. Jim was worse! And thinking she had valiantly gone off with Noel Gardner and didn't want to be disturbed!

At the hospital she was taken straight to his room. "Dearest, she murmured, kneeling beside his bed, "I'm so sorry they got things mixed at the hotel—I wanted to leave word—"

A touch of the nurse's hand on her shoulder stilled her. In Jim's eyes was an expression that she could not read, but he smiled faintly and touched her hand. "Stay here," he whispered. A few days later he had improved enough to listen to her explanations—jumbled though they were, he was satisfied with them.

"It would have been my fault if I'd lost you, dear," he told her. "I

didn't realize the mistake I was making by letting Mother rule our affairs so completely. But while she and I were travelling together somehow I became conscious of it. "And I knew then, too, that I never could be happy without you. I wanted to come back—and yet I wanted to let you find out for yourself whether you really wanted me, or someone else."

"But the letter I wrote you, about Noel Gardner—what did you think when you read that?" "That I had sat still too long. I realized that it wasn't fair to let you find out all alone whether or not you cared for me. That was the reason for my telegraphing you."

"And the letter that made you tell them to go ahead with the operation and not wait for me?" "That was one from my sister saying that you and Noel Gardner had gone away together. I gave up

Cynthia telephoned the hospital.

then, because I thought you really didn't care for me."

"Cynthia drew a long breath of relief and held his hand tight in both her own.

"I've been a silly little fool, Jim, dear, but I know better than to be one again," she whispered. "I'll try to understand your mother better, and not mind when she interferes." "She's not going to interfere so much after this," Jim answered. "If you don't mind living here, I can make my headquarters here in San Francisco instead of at home. Tell me, would you like that?"

"Oh Jim, I'd love it," she exclaimed eagerly. "If I could just have you all to myself—"

"That's what I feel—if I could just have you all to myself—no old friends of your girlhood bobbing up—well, that's all I'd want."

And Cynthia smiled, though there were happy tears in her eyes. Even though Jim's family even yet didn't approve of her, she was sure it

she was no longer on approval.

THE END.

Potato Souffle

2 cups mashed potatoes, 2 eggs,

6 tablespoons melted butter, 6 table-

spoons cream. Heat and beat the

potato, butter and salt to the con-

sistency of cream. Add the cream

and the eggs beaten separately. Beat

all together and bake in a quick oven

till nicely browned. Or omit the

yolks of the eggs, add the beaten

whites last, mix well and bake.

Canned Corn Pudding

To one can of corn add seasoning

of salt and pepper, one tablespoon

of butter, three eggs well beaten,

one cupful and a half of milk and

three tablespoonfuls of flour dis-

solved in a portion of the milk.

Cook in a greased baking dish.

Chocolate Marshmallow Pudding

1 pt. milk, 1 tablespoon cornstarch,

2 eggs, vanilla flavoring, 1-2 cup

sugar, 2 tablespoons chocolate melt-

ed and boiled with the milk.

Line dish with marshmallows, pour

custard over them while hot and add

whites of eggs beaten with one

tablespoon powdered sugar. Dot

top with cut-up marshmallows.

THE YOUNG LADY ACROSS THE WAY

The young lady across the way says she is a terrible burden and no man with a family should try a car until the mortgage on the house is completely foreclosed.

WHERE IT STARTED

Leaving The Last Piece of Cake. It is considered bad luck, or doom- ing to a single life, to take the last piece of cake or other food on the plate. This superstition may be traced as far back as the Bible where the injunction to "leave some for manners" is found in Ecclesiastes xxxi, 17. It originated apparently as an item of table etiquette, to avoid the appearance of greediness.

SAN FERNANDO—Contract to be awarded for installation of \$100,000 sewer system.

Songs and Novelty Divide Honors at California Today

Songs and novelty divide honors today at the California theatre. There is more than two departments of entertainment, however, as the general bill is a good one and offers wide diversity, with Cole, Haines and Montgomery at the head of the five act vaudeville, and a screen feature in conjunction with the screen feature "The Spitfire," featuring Betty Blythe.

Dainty equilibristes are offered by Mde. Vara, an artist recently arrived from Europe with many successes to her credit gained in the principal cities of the continent. She performs hazardous feats high in the

air with a nonchalance that would be worthy of a male darddevil. "Oh Elmer" is the title given the acrobatic and comedy act of Mills and Trevor. Some burlesque stunts attempted by Mills are frustrated by his partner and there are many hilariously funny situations in their little skit. A neat song and dance number by Miss Trevor is one of the highlights of the offering.

Songs of Yesterday introduce the Haytime Trio of singers with more than ordinary singing voices. In costume they present the popular song of other years in a neatly arranged repertoire that will have universal appeal.

A musical comedy will see Cole Haines and Montgomery in a happy mood. This trio of mirth dispensers have a snappy crosstalk singing act that is replete with laughs.

Sensational acrobatic stunts are

"Voice From Minaret" At The Richmond Today

A windless night on the desert, soft moonlight falling on the sand, cooling from the heat of the day, the silence unbroken save for the commotion in the camel corral; a youth on his way to the Holy Land, a beautiful girl fleeing from a brutal husband.

Under such circumstances was born a romance that neither the youth nor the girl believed could be shattered until death parted them. They had met in a strange manner, and love had come to them in the desert. The past was no longer even a memory; they lived in the present and in the future.

Their travels brought them to the city of Damascus, the ancient city where civilization had met rebuffs throughout the centuries of its history. Customs of thousands of years ago still lived and five times a day the muezzin, standing on the parapet of the minaret, called to the faithful to fall to their knees, face the east and pray to Allah.

And it was in this city that the youth and the girl were brought up short to face stern realities. The voice from the minaret, monotonously intoning the command to worship, seared their souls. To them it was more portentous than to the Mohammedans who went through their ritual automatically. To them it meant the end of their romance, for it reminded them that they were not free to love that the one was still wed and that the other was fitting himself for clerical orders and was in duty bound to bring a severance to their relations.

This is a portion of the story of "The Voice from the Minaret," a First National picture starring Norma Talmadge, which is now playing at the Richmond theatre. It is a powerful tale of love, hate and revenge, and has Eugene O'Brien in the leading male role. Robert Hichens, famous novelist, wrote it, and Frank Lloyd was the director.

Other screen entertainment includes "The Bravest," an Eddie Lyons comedy; "Kinograms," built like a newspaper

skates will be offered by Townsend and Wallace. Theirs is versatile entertainment, anything of its kind, ever seen in vaudeville.

The screen feature will be "The Spitfire," which is a screen version of Frederic Arnold Kummer's popular novel, "Paster Saints."

It is a big love story. Jean Bronson, the niece of Carrington, loves a handsome, young man, Douglas Kenyon, who "gets in Dutch" from taking a drink too many at a stag party where a show girl had come to amuse the boys and who to be gallant and chivalrous started to escort her home after winning her in a poker hand contest.

What happens? See "The Spitfire" and thrill after thrill will be reeled off, with pantomimic action enacted by such a cast as Betty Blythe, Lowell Sherman, Elliott Dexter, Pauline Garon, Robert Warwick, Burr McIntosh and others.

Added entertainment includes "Mad Rush," a Cameo comedy; "Kinograms," Carl Richard's California Orchestra; Larry F. Canelo at the mammoth organ.

Coming Monday and Tuesday: "Locked Doors," a William De Mille production, featuring Betty Compson and Theodore Roberts.

UNDERGOES OPERATION
Mr. and Mrs. Jackson Hosmer of 161 Seventh street are now taking care of their son Jackson Hosmer, Jr., who was operated upon several days ago in Cottage hospital.

Sunday at the Churches

WESLEY METHODIST EPISCOPAL CHURCH
Our Sunday school begins at 9:15 a. m. We have church service at 10:30 a. m. Our attention is called to the fact that the 300 mark has been reached in the number of children who have been baptized since the church was organized.

At the morning service at 10:30 a. m. the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God. It is with these words that the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God.

The Epworth League meets in the social rooms of the church every Sunday evening at 6:30 p. m. All young people are welcome to these services.

At the 7:30 a. m. service, the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God. It is with these words that the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God.

At the 10:30 a. m. service, the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God. It is with these words that the pastor will read the "The City of the Future" and will give in Christ's name that as you attend church services, you hear from God.

LUTHERAN CHAPEL
Fourth street near Barrett avenue. Rev. Lester Westfall, pastor.

The public is invited to an instructive lecture to be delivered this evening at 8 o'clock. Rev. Albert H. Westfall of Lodi will speak on the subject, "What is the Lutheran Church Means to Me?"

This lecture will offer an opportunity to hear more of that church body which claims the world at large, some 72 million souls. The Lutheran church in the United States numbers about three million members. Of this total the Missouri Synod, of which the Lutheran chapel is a member, numbers 1,050,000 souls and is, therefore, the greatest and strongest individual Lutheran church body in America. Its 3171 pastors serve 3,458 organized congregations and 450 preaching stations. An extensive educational system comprises fifteen colleges and seminaries, at which approximately 3000 students are training exclusively for church

work. Of this total the Missouri Synod, of which the Lutheran chapel is a member, numbers 1,050,000 souls and is, therefore, the greatest and strongest individual Lutheran church body in America. Its 3171 pastors serve 3,458 organized congregations and 450 preaching stations. Daily Cross Word Puzzle

HOW TO SOLVE THE CROSS WORD PUZZLE

The way to solve the Cross Word Puzzle is to fill in the white squares of the diagram with the words which agree with the accompanying definitions. The definitions are numbered to correspond with the numbers on the diagram.

Any word defined in the text under "HORIZONTAL" will begin at its number, shown in the diagram, and will extend all the way across to the first black space to the right of that number. That is the word must begin in the square that contains its identifying number, and extend as far as the white squares continue uninterruptedly.

Any word defined under "VERTICAL" will also begin in the white space that contains its number, but will extend downward as far as the white spaces remain uninterruptedly.

HORIZONTAL

1. Diameter of Tantalus
2. Tremulous
3. For example (adv.)
4. Permit
5. In the direction of
6. Toward
7. Ventilate
8. Pronoun
9. Envelope
10. Shell fish
11. Thirteenth letter in alphabet
12. Notes remain to special (adj.)
13. From
14. Minute organism
15. Raved

VERTICAL

1. No
2. Island (adv.)
3. Open
4. Second letter in Greek alphabet
5. In
6. Unclutter
7. Mail carriers
8. Heavy shadow
9. Father
10. Solitude
11. A small pot
12. Senior (adv.)
13. Editor (adv.)

RICHMOND HIGH BASKETEERS DEFEAT S. F.

Once again the Richmond Union high school basketball team has met the enemy and been returned victor. Lowell high school of San Francisco was the victim, beaten by the local team, 21 to 20, in a hotly contested game yesterday afternoon in the high school gym here. Ample revenge for this defeat was enjoyed by Lowell, however, as they trounced the Richmond 130 pound team by the score of 21 to 5.

The games yesterday afternoon were the second in a series to be played by both the players and the spectators. The Richmond team won within a very short space of time. Friday night the Hayward high school team of the same weight were beaten handsomely and Saturday afternoon the same boys that took Hayward squads down the line for a beating, faced Lowell.

Lowell Team Good
Perhaps it was this fact that made the Richmond unlimited team slow at time, but the old fight was there which spelled victory in the

end. The Lowell boys had the advantage in the first half, but the Richmond team was not all that they seemed. They were fast and accurate, and knew what it was all about. But the locals were lucky in their basket shooting and when even the opportunity was given out the ball to Dyer, who caught it, keeping up his record for high point man.

Dyer scored 17 points for his team, and played a good game. The other players were not so good. The Richmond team was not all that they seemed. They were fast and accurate, and knew what it was all about. But the locals were lucky in their basket shooting and when even the opportunity was given out the ball to Dyer, who caught it, keeping up his record for high point man.

For Lowell, Butler and Gough were the stars, playing a nice game on the floor, and making their share of the baskets. Time and time again the Lowell team would start one of their passing rushes and carry the ball down to the Richmond goal only to lose it there, or miss what seemed to be an easy shot.

In the 130 pound team game the

NURMI AND RAY AT START OF CHICAGO RACE IN WHICH FLYING FINN SHATTERED ANOTHER WORLD'S RECORD

After a record-breaking performance in New York City, Paavo Nurmi boarded a fast train for Chicago, broke the record for the mile and three-quarters, hurried to a railroad station, sped back to New York and ran 2,000 yards in 5 minutes 33 seconds. These figures will stand as a

Lowell team completely outclassed the locals, who tried hard to break through the defense. The victory, but without success. The Lowell lightweights seemed to have everything that is necessary to make a basketball team. They were fast, had teamwork, and pair of forwards that could drop them in from all angles. The 21 to 8 beating administered by the Lowell team is the worst defeat of the season for the locals, who have not since the best teams in the bay district.

Home Game Line-ups
Conce and Long for the Lowell team showed up well on the defense and offense. Villalobos for the long team played a good game, dropping in some baskets and guarding his man well.

The breakers of the team, however, Richmond unlimited, Dyer and O'Brien, forwards; Lehtikall, center; Woods and Barber, guards; substitutes, Millevitch and Muth, Lowell unlimited; Schuppert and Gough, forwards; Gough, center; Butler, Smith and Mader, guards; Richmond 130 team; Bertoni and Villalobos, forwards; Norman, center; Roordan and St. Helmi, guards; substitutes, Comerio, Clark and Sanders, Lowell 130 team; Goldner and Terancho, forwards; Case, center; Long and Wharlich, guards; substitutes, Wahsholder, Jones, Kaudine, Shoen and Churton.

Pickwick Stage Uses Richmond Ferry in Test

One of the Pickwick stages made use of the Southern Pacific Richmond to San Francisco ferry service this week in a test run from Portland, Oregon to San Francisco. Since the company's franchise from the railroad commission provides for the use of the Oakland-San Francisco ferry for passenger travel, the coach was met at Twenty-third and Macdonald by another coach into which the passengers were transferred.

No passengers were carried in the stage as it crossed on the new ferry but it was determined that the Portland-San Francisco run can be shortened considerably by the new route. Application for a change of routing will probably be made to the railroad commission in the near future.

Series of Lectures At Richmond Club

"What is the World Seeking?" will be the first of a series of six lectures that will be delivered by Mary C. Ferriter, psychologist, author and teacher, at the Richmond club at 3 o'clock on Sunday afternoon. After the lecture a class in practical psychology of human life will be given. The lectures are free and the public is cordially invited to attend.

CHURCHES

(Continued From Page 3)

work, 1376 parochial schools are being instructed by 1500 professional trained teachers.

The following tribute comes from the pen of Rev. Frederick Arnold, M. A. S. T. B. (Episcopal): "The church life among American Lutherans generally is beautiful and spiritual. There is a happy consciousness of salvation a devotion to the Holy Scriptures, a faith in the Blessed Sacrament, that are reasonable, beautiful, clean and holy."

Come tomorrow evening and hear more of this church. Mr. Melvin Grunin will render special musical numbers on the violin.

Early service begins at 9 a. m. The sermon will be based on the gospel for the third Sunday after Epiphany: "The Faith that Caused Jesus to Marvel."

Sunday school will begin promptly at 10 o'clock. Lesson, "Joseph and His Brothers" will be reviewed. Lessons for tomorrow, "Joseph's Advancement," Gen. 39, 41. Review of Catechism and favorite hymns.

In the 11 o'clock service the pastor will preach on Luke 7, 26-50. The subject of the discourse will be, "Simon I Have Something to Say unto Thee." The wonderful scene depicted by this text teaches two very weighty truths: 1. Though there be degrees of guilt, iniquity, or inability to wipe out the dishonor done to God, is common to all sinners; 2. As Christ is the great Creditor to whom all debt, whether great or small, contracted by sinners is owing, so to Him belongs the prerogative of forgiving it. What is the amount of your debt? Are you grateful for pardon?

The classes in catechetical instruction will meet next week 6th Tuesday, Wednesday, and Friday. The stranger in our midst will receive a sincere welcome. The public is invited to attend all of the above services.

SUFFRAGE PRESBYTERIAN CHURCH

Corner South 45th and Stockton streets; George R. M. Gilchrist, pastor.

Special. Rev. Stanley A. Hunter, D. D. will give a lecture on India illustrated with lantern slides. Sunday evening at 7:30. Dr. Hunter was for two years a professor in Ewing Christian College, Allahabad, India.

Sunday, 9:45 a. m. Sunday school. D. L. Center, assistant supt. "We're coming over the hundred mark" 11 a. m. Morning worship. Sermon by the pastor. 6:30 Senior Intermediate Endeavor.

Evening service 7:30. "My two years in India" an illustrated lecture by Dr. Hunter of St. John's Presbyterian church of Berkeley.

Tuesday, 3:45. Special pow-wow of the Digger Tribe of Friendly Indians. 7 p. m. Pioneer notches. Buffalo Bill club.

Wednesday, 7:30 Week-end Bible school. Miss Edna Evans, supt.

FIRST PRESBYTERIAN CHURCH

Twelfth and Bissell. Rev. Edward A. Wicher, pulpit supply.

9:45 a. m. Sunday school. A. H. Poage, supt. Classes for young and old. A graded school with trained instruction.

11:00 a. m. Morning service. This will be the regular communion Sunday and all members are urged to attend. Sermon by Dr. Wicher, and special music by the choir.

6:30 p. m. Christian Endeavor service.

7:30 p. m. evening service. Third sermon in a series by Dr. Wicher on the miracles of Jesus. Special music.

Tuesday at 6:15 Good Fellowship club dinner and program.

Wednesday 7:30 Regular mill-week meeting.

FIRST CHURCH OF CHRIST, SCIENTIST

Nevin avenue and Twelfth street. A recognized branch of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. Holds Sunday services at 11 a. m. Subject: "Truth."

Sunday school at 9:30 a. m. A Wednesday evening testimonial meeting at 8 o'clock. The public is cordially welcome. Christian Science reading room in the church edifice is open from 12 to 4 p. m. and Tuesday, Friday and Saturday evenings from 7 to 9. Also Sundays and holidays from 2 to 4 p. m.

Work on the Clubhouse at the FAIRMEDE GOLF CLUB is under way

THE handsome \$65,000 clubhouse which will sit on the crest of Fairmede's rolling hills is being constructed. Ground was officially broken on January 17, in the presence of a large group of golfers, public officials and golf celebrities.

How carefully this delightful clubhouse has been designed, may well be judged from the floor plan. Roomy and comfortable and splendidly appointed, and commanding from its arched windows a glorious sweep of mountain and water scenery, it will be a source of endless pleasure to Fairmede members.

How to reach Fairmede—Follow the Sacramento Highway four miles north beyond Richmond till you reach the big electric "Fairmede" sign.

A Stubborn Fact

If we cut the price of tires we would have to cut their value, too.

That would not do you any good.

We would rather sell and we believe you would rather buy good tires at fair prices. And the Diamond Cord we offer is a tire of remarkable value at a very reasonable price.

COURT UPHOLDS FERRY LEASE TO S. P. HERE

That the city of Richmond acted within its rights in leasing to private interests the city owned site of the new Southern Pacific ferry slips here, will be again contested by the Ellis Landing and Dock company, following the decision of the San Francisco division of the Appellate Court upholding the decision of Superior Judge H. V. Alvarado of Contra Costa county rendered in favor of this city some time ago, according to statement of Elmer E. Robinson, San Francisco attorney representing the plaintiff in the case.

No news of the decision has as yet reached D. J. Hall, city attorney, according to announcement made by him yesterday.

City's Right Disputed

M. Emanuel, who has been seeking to promote a ferry company of his own here, and who is the head of the Ellis Landing and Dock company, was one of those instrumental in bringing about that suit against the city and the original promoters of the San Francisco-Richmond ferry service, now being operated by the Southern Pacific company. It was maintained that the city had no legal right to enter into the lease with the ferry people. The first hearing of the suit was decided in favor of the city, which entailed the carrying of the case to the appellate court.

Confidence was expressed by Attorney Robinson yesterday that the decision would be reversed in the supreme court. However, City Attorney D. J. Hall was of the opinion that such would not be the case.

Industries Make Progress On Plan For Fresh Water

By-laws and statement of purpose of the proposed Contra Costa Industrial association, which has as its object development of an ample water supply for industries from Richmond to Antioch, were adopted by a special executive committee arranging organization at a meeting at the Hotel Claremont, Berkeley, Thursday night. The meeting followed one at Pittsburg several weeks ago when heads of industries along the waterfront deemed an ample water source. The report of the committee will be submitted at another meeting of industrial heads to be called by C. W. Sheller of Pittsburg, president of the temporary association.

The statement of purposes adopted by the committee is as follows: Resolved, that it is the sense of this meeting that a permanent organization of industrial water users be formed; and be it further

Resolved, that the purpose of this included in this organization extend from the boundaries of the East Bay Utilities district at Richmond along the waterfront of Contra Costa county to and including Antioch, and also including those interested parties on the Solano shore. And be it further

Resolved that the purpose of this organization be the gathering of information pertaining to fresh water problems for the benefit of its mem-

INCOME TAX

INCOME TAX IN A NUTSHELL

This is a series of income tax stories based on changes in tax legislation as embodied in the Revenue Act of 1924. The reduction in rates, 25 per cent credit on "earned income" and other benefits of the new law as they affect the average taxpayer, will be fully set forth. The stories will be of informative value to persons required to file returns of income for the year 1924.

WHO? Single persons who had net income of \$1,000 or more or gross income of \$5,000 or more, and married couples who had net income of \$2,500 or more or gross income of \$6,000 or more must file returns.

WHEN? The filing period is from January 1 to March 15, 1925.

WHERE? Collector of Internal Revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Form 1040A and Form 1040; also the law and regulations.

WHAT? Two per cent normal tax on the first \$4,000 of net income in excess of the personal exemptions and credits. Four per cent normal tax on the next \$4,000. Six per cent normal tax on the balance of net income. Surplus on net income in excess of \$10,000.

YOUR INCOME TAX

A debt discovered to be worthless and charged off the books of the taxpayers for the year 1924 may be deducted from the gross income in computing net income for that year. The return must show evidence of the manner in which the worthlessness of the debt was discovered and that ordinary and legal means for its collection have been or would be unavailing.

Bad debts may be deducted in whole or in part. When deducted the taxpayer must be able to show with a reasonable degree of certainty the amount uncollectible. Partial deductions are allowed with respect to specific debts only.

A valid debt proved to be worthless may not always be a proper deduction. For example, unpaid accounts representing wages, rentals or similar items are not allowed as deductions unless included as gross income in the creditor's return for the year in which the deduction is sought or in a previous year. The fact that expected income was not received does not reduce the amount of taxable income of the creditor.

Unpaid loans made to needy relatives or friends with little or no expectation that they would be repaid are not deductible, but are regarded as gifts.

TWO GIVEN FINAL

DIVORCE DECREE

Two final decrees of divorce were granted yesterday by Superior Judge A. B. McKenzie. Abe Dickstein, Richmond merchant, was granted a final decree from Lillian C. Dickstein and Eleanor A. Halliday was granted a final decree from William J. Halliday.

Next, the distribution of this information among its members; the in forming of outside interests, such as Delta owners, irrigationists, navigators, etc., of the industrial interests in the solution of the Sacramento-San Joaquin rivers problem; the co-operation with outside interests in the solution and study of this problem; the calling of further conferences of the industrial users of water in the district mentioned, and in general to guard the interests of the industrial users of water in the aforesaid district.

BEAUTY AND CHIVALRY AT HERMAN'S BALL

Some selection of court flowers is being made by Prince John Rhoads of Berkeley and Princess Anna Hinesman of Richmond, who will reign supreme at the first annual masquerade ball of the Hermann Sons and Daughters of Alameda county next Saturday night at the Oakland municipal auditorium.

The fact that no one but the participants in the royal court will know who comprises it until the night of the ball has stirred up a hornet's nest of excitement in the eleven cities in the county which comprises the interest in the great costume contest.

Beauty In Aggregate

Beauty and chivalry in the aggregate will be represented in the royal court. The prince and princess announced yesterday that they had already begun their selection of court attendant by secret order. The news ran like wildfire through the various lodges. While the general public is invited to attend the ball and to take part in the costume contest only 1-1/2 members are eligible for the honor of a place in the royal court.

A. R. Markstein, chairman of the general committee, announced yesterday that the advance sale of tickets has already run well over 4,000. Proceeds from the affair will go to the order's widows and orphan fund. It is the intention to make the affair the great annual social event of the Alameda county lodges.

The thousands of members of the order in this county are now waging a friendly war for supremacy in ticket selling. West Berkeley lodge, No. 21, although second in size in the county, still stands highest in point of tickets sold, but California lodge, No. 2 is bending every effort to pass their high mark.

KLAN BRINGS SUIT AGAINST OAKLAND MEN

OAKLAND, Jan. 24.—Correcting certain defects in his legal procedure, which resulted yesterday in the refusal of Superior Judge J. S. Koford to hear an application for a temporary restraining order, John H. Connaughton today filed a suit on behalf of the Knights of the Ku Klux Klan against Leon C. Francis, exalted cyclops of Oakland Klan, No. 9, H. W. Shaefer, A. J. Brooks, W. H. Parker, J. H. MacLafferty, Jr., E. L. Arnold and E. J. Coons.

The suit is a repetition of the action which was filed several days ago, and like the first suit asks that the defendants be enjoined from using the name of the Klan, any of its regalia, pass words or other things representative of the parent body. Damages of \$20,000 are asked in the complaint, as in the original suit.

The action is brought by the faction of the Klan which is headed by S. T. Moodie and against that headed by Francis. It is charged that prior to November 29, last, Francis was ejected from the order for violation of the rules, and that since then he and the other defendants have attempted to get other Klans to secede from the parent body.

When the case was called before Judge Koford yesterday it developed that Connaughton had failed to file the temporary restraining order which he secured when the first suit was filed. Judge Koford held that this prevented further consideration of the action to make the temporary order a permanent one, and Connaughton and the Moodie faction lost the first court tilt.

Superior Judge Fred V. Wood signed the temporary restraining order in the second suit and set the hearing for next Friday.

U. C. BEATS ST. MARY'S

(By Universal Service)

OAKLAND, Jan. 24.—The University of California basketball team defeated St. Mary's college at the Oakland auditorium last night by a score of 24 to 23.

Mr. and Mrs. Roy E. Strane, Portland, Howard R. Johnson, Los Angeles; William Riley, city; and H. Davis, city also registered at the Veale Friday night.

Ladies Night is Held by Sciots At Meeting Here

Admired a surprising entertainment followed by a dance, and talks given by the various officers of the local pyramid and visiting pyramids, ladies night at the gathering of Sciots in the Richmond clubhouse last night was voted a huge success by all these present. It was also held in the two combined to produce an occasion long to be remembered. More than 300 were present.

Visitors were present from the Antioch and Berkeley pyramids in great numbers, and representatives from the other pyramids about the bay were also present to partake in the festivities. Leo Traver, toparch, presided.

R. O. Johns, toparch of Berkeley, and Frank Abel, past toparch of the same pyramid, headed a delegation of several members. The two officers gave short talks at the meeting, expressing their appreciation at being present on such an occasion.

A program of singing and dancing took up the early part of evening. Miss Florence Clark and Miss Ruby Williams sang several duets, and were called on time and time again for encore by the enthusiastic guests.

Miss Francis Cox did a dance that was well received. Mrs. Violet Williams sang several vocal selections, and little Miss Zoe Hollenbaugh entertained with a song and dance.

George Bengley and George Lohrer, Jr., presented a short sketch, entitled the crystal gazers, which brought the house down. They were extremely clever in their interpretation.

Mr. and Mrs. Harry Ellis were presented with two over-stuffed rocking chairs on behalf of the order by Aubrey Wilson. Wilson was toparch of the Richmond pyramid last year.

Harry Ellis was also presented with the past toparch jewel by Frank Abel of Berkeley.

Sherr talks were given by William Richard, worshipful master of the Alpha lodge; Bert Scoble, worshipful master of McKinley lodge; Leon Wilner, high priest, Richmond chapter; and by Martin Hencken, worshipful master of Harbor lodge. They spoke on fraternalism and the pleasure that it gave them to be present at the affair.

After the stunts of the evening, a dance was held. Music was furnished by Carl Richard's orchestra. More than 120 couples took part in the dance. Light refreshments were served during the dance numbers.

Homer Patterson was chairman of the committee in charge of the affair. He was assisted by A. Burdick and A. L. Clark.

LEGISLATURE ADJOURNS

(By Universal Service)

SACRAMENTO, Jan. 24.—After 5 weeks of a more or less desultory session the legislature yesterday adjourned for the constitutional recess of thirty days. The board reconvened on February 24, to renew business and take care of the 2000 more bills now flooding the two houses.

El Cerrito Cage Team Loses Here

The El Cerrito cage team journeyed to Richmond last night and were shown the way home by the Young Men's Division of the Y. M. C. A. to the tune of 21 to 15. It was a clean, fast game and reports were made that Richmond was lucky to win in spite of the decisive margin in their score but several long shots into the hoop by the local stars were anything but luck according to Mr. Deeming of the physical department of the local Y. M. C. A.
